4	Ms. Vanitha. P	Secretary	<a href="mailto:vanitha.p14@iiits.in">vanitha.p14@iiits.in</a>	UG- 4

## **Introduction:**

Conservation is the practice of protecting Indian Roller Bird and their habitat. Indian Roller bird plays an important role in balancing the environment and provides stability to different natural processes of nature.

## **Aims & Objectives**

1. We will be actively participating in Indian Roller conservation, creating awareness on Indian roller as it is just not only our State Bird but also our Sri City bird. As Sri City is getting urbanized we are trying to have its niche not to be disturbed.
2. Mission is to conserve and restore natural ecosystems, focusing on Indian Roller, insects and other life and their habitats for the benefit of humanity and the earth's biological diversity.

## **Code of Ethics and Guidelines for Practice**

- The institute's Code of conduct policy is applicable to this Nature club's / Roller conservation group
- Engage with indigenous peoples and local communities in whom IIIT's works in a positive and constructive manner that respects the culture, laws, and practices of those communities, with due regard for the right of free, prior and informed consent.
- Do not litter in public places. Please use dustbins.
- The policies may be modified by the club committee as required following a defined process.

**Please follow this code and distribute and teach it to others.**

**Any violations of the code of ethics should be reported to nature club head or roller conservation president**
