Position : Consultant - Senior Level (Research, Innovation and Entrepreneurship) on contract basis

Position Summary: Responsible for planning and coordinating all research, innovation and entrepreneurship development activities at IIIT Sri City. Will also be expected to support development of new initiatives and strategies for establishing research collaborations with Research Labs, Universities and Industries. The candidate is also responsible for all coordination with national and international funding agencies for winning and managing projects. Will equally be responsible for promoting and Innovation and Entrepreneurship through proposed Technology Business Incubator to be set up in IIIT Sri City.

Role

IIIT Sri City is looking to establish itself as a research-intensive institution and hence create world-class research environment and ambience.

Job Responsibilities:

1. Finding funding and research collaboration opportunities from external agencies such as Central and State Government departments, research labs, Industry, International organizations and other Universities.
2. Lead all activities relating to promoting Innovation and Entrepreneurship through Business Incubator
3. Communicating funding and research collaboration opportunities for faculty members and providing required help in preparing proposals.
4. Creating right research ambience in terms of processes, tools and support systems.
5. Help organizing and attending events to evangelize research activity at IIIT Sri City.
6. General administrative tasks such as coordination and oversight of projects and collaborations.
7. Any other tasks as assigned by Director or other reporting officials

The initial period of engagement will be for ONE year and is extendable on mutually agreeable terms.

Qualification, Experience and Skills:

Required:

1. Master's Degree in Science/Technology disciplines or equivalent from reputed Institute/University. MBA or PhD preferable.
2. A minimum of 10 years of relevant experience, with at least 3 years in middle level.
3. Basic understanding of business and technology domains.
4. Strong hands on Office Automation Tools (Word, PowerPoint, etc.).
5. Good analytical and logical abilities; strong in using MS-Excel as an analytical tool.
6. Very good communications skills in English, Hindi preferable.

Preferred:

1. Working in a start-up environment with experience mentoring and supporting graduates
2. Enjoys research, can make new contacts quickly and knows how to conduct research in IT areas
3. Familiar with industry and academic research

Type of role: Full Time (Residential)

Location: Sri City, AP

Compensation: Commensurate with qualification and relevant experience

Start Date: Immediate/ASAP

How To Apply:
