

# Indian Institute of Information Technology Sri City, Chittoor

(An Institute of National Importance Under the Act of Parliament)

630 Gnan Marg, Satyavedu Mandal, Sri City, Chittoor District - 517 646, Andhra Pradesh, India  
Tel: +91-7306 473364, e-mail: contact@iiits.in, [www.iiits.ac.in](http://www.iiits.ac.in)

**Indian Institute of Information Technology Sri City (IIITS) Chittoor** was established in 2013 by Government of India as an *Institute of National Importance under the Act of Parliament* in PPP model. Government of Andhra Pradesh and Sri City are the other partners.

### ◆ Industrial Location:

Sri City, a decade old state of the art industrial city is spread over 8000 acres encompasses a multi-product Special Economic Zone (SEZ), Domestic Tariff Zone (DTZ), Free Trade & Warehousing Zone (FTWZ) and Electronics Manufacturing Cluster. Sri City is hosting over 175 companies from 27 countries. The institute has access to the industries and social infrastructure available in Sri City through the Industry Partner. Located 55 km north of Chennai, Sri City boasts of seamless connectivity by road, air and sea ports.

### ◆ Programmes of Study

IIITS offers UG programmes in two disciplines- Computer Science and Engineering (CSE) and Electronics and Communication Engineering (ECE). The institute also offers MS and PhD programmes in both disciplines. It is proposed to offer Minors in areas such as Cyber Security, Smart Manufacturing, AI & Machine Learning, FinTech, Bio Informatics, Block chain, etc.

### ◆ Academic Infrastructure:

First phase of infrastructure consisting of Academic Block and two Hotels with Dining Hall are completed in July 2018. The Institute is operating in the new campus from 2018-19 academic year. In the second phase, two hostel blocks and Dining Hall and other campus development works are being undertaken. It is proposed to complete these projects for the 2019-20 academic year.

## Indian Institute of Information Technology Sri City, Chittoor

(An Institute of National Importance Under the Act of Parliament)

630 Gnan Marg, Satyavedu Mandal, Sri City, Chittoor District - 517 646, Andhra Pradesh, India

IIIT Sri City admits students through JEE Main exam through JoSSA and follows Government of India norms for admissions. About 800 students from all over India have chosen to study at IIITS. It is proposed to have about 1200 UG students in the next two years. IIITS also attracts students from abroad through “DASA” and “Study in India” programmes of Government of India.

### ◆ Highly Qualified Faculty

IIITS has 18 faculty members who have earned their PhD from leading American/European universities and IISc/IITs; and with rich experience in industry and other research environment. Besides, the Institute has 2 part-time faculty focusing on specific aspects of science and mathematics. IIITS has been providing significant thrust for research, especially UG Research. In addition, the Institute has been quite proactive in attracting people from other organizations and academia to teach industry-relevant courses. There are around a dozen visiting faculty covering different aspects such as Advanced Communication Skills, Entrepreneurship and Start-ups and tech-heavy courses such as Cyber Security, etc.

### ◆ Living and Social Environment

The institute has two hostels along with dining facilities. Two more hostel blocks are getting ready before the next academic year. In addition, residential flats are available for faculty and students. The new age KREA

university with Liberal Arts focus and its Business School are in the Sri City. Satellite Launching Station of Indian Space Research Organization is located near Sri City. The institute is surrounded by Mountains, Waterfalls, Birds Sanctuaries, Small Islands etc., thus providing opportunities for recreational activities.

Sri City also hosts two hotels- Mango Resorts and The Inn as part of the social infrastructure. Given the presence of multinational companies, people from other countries are living in and around Sri City. Several Apartment Hotels along with international cuisines are in the immediate vicinity.

### ◆ Research and Industry Focus

IIITS has established itself as a center for different research activities in the field of information and communication technology. The institute has nearly 30 post-graduate (MS and PhD) students and several research-minded under-graduate students who work with faculties on different research problems. The faculty has several sponsored projects from different funding agencies, including Government and from industry. The Institute currently has 8 sponsored projects worth ~1.4 crores, wherein faculties and students investigate challenges and look for innovative solutions in different areas such as: Smart Transportation, Wireless Communication, Solar cells, Image Processing and Computer Vision. The sponsoring agency include: Department of Science and Technology (DST), ISRO, Indo-German collaboration and industries such as NVIDIA and Hella Automotive.

Notably, IIITS is one of the few institutes to be part of Design Innovation Center (DIC) scheme of DST, Government of India under the “Hub-and-Spoke” scheme, with approximate funding of Rs.1.00 crore for a period of three years. [For more details: Visit: www.iiits.ac.in](http://www.iiits.ac.in)
