Indian Institute of Information Technology, Sri City, Chittoor known as IIIT-S, is an institute of national importance, setting best-in-class technology education standards in India. The Institute was setup by the Government of India – MHRD, Government of Andhra Pradesh and Industry Partners (Sri City Foundation) as a Not-for-Profit Public-Private-Partnership. The Institute is governed by distinguished academicians, industry leaders and senior government officials. IIIT-Hyderabad, IIT Hyderabad and IIT Madras are the mentor institutions for IIIT Sri City.

Our research efforts are strengthened through collaborations and interdisciplinary research initiatives with other research institutes, industry partners and government agencies. Our approach to research spans areas such as: life style enhancement through smart cities and smart villages to automobiles, entertainment, data analytics, media and education.

Other domains of our research expertise include: Robotics, Cybernetics, Computer Vision and Pattern Recognition; Signal and Natural Language Processing, Social Media Analytics; Machine Learning and Data Analytics; IoT based Systems, Wireless Sensor and Actuator Networks; Wireless and Vehicular Communication and Networks; Electromagnetic Theory and Applications, Semiconductor Devices and Micro Electro Mechanical Systems (MEMS); Cryptography & Information Security, GIS & Remote Sensing, Information Systems, Behavioral Sciences.

We are organizing a one-day research expo at our Campus on Saturday, the 7th October, 2017 from 9:30 a.m. to 5:30 p.m. The expo highlights our initiatives towards Smart Cities and related technologies focusing on facilitating the integration of currently fragmented systems such as energy, water, waste management, transport, social security and safety, and infrastructure. It will be followed by a 24-hour Hackathon from 6 pm; interested participants can stay back and participate in it.

We invite faculty and undergraduate and post-graduate students from engineering colleges and universities to attend the event. We look forward to receiving nomination of 5-10 students from related fields to attend the event. Please mail the details of nominees along with their contact number and mail id to research_expo@iiits.in.

The event also provides a great opportunity to students interested in joining our research programs to subsequently enroll themselves into our M.S and Ph. D programs through the selection process.

We have organized buses for picking up and dropping students attending the event from neighboring colleges / universities in Chennai, Tirupati, Nellore and Chittoor.

For further clarifications, please write to us at research_expo@iiits.in or call us on 7337 324904, 9100 190811.

Look forward to the pleasure of having you join us in this mega event.

Sincerely,
for Indian Institute of Information Technology, Sri City, Chittoor,

Dr. Nagesh Kolagani
Faculty-in-Charge, Research Expo
